# Portfolio

Wilson Ngo

Tech stack

- **HTML**
- **CSS**
- **Deployment: Github Pages**

Sitemap

Web Design

- **Very simple design all across the site**
- **No background images or effects (i'm too noob)**
- **Two main colours:**

- **Aqua (Navigation bar)**
- **Greyish clay (background colour)**

Home Page - Tablet

Components and features:

- Navigation bar
- Profile Image removed (too much worked involved trying to adjust, mistake on my part for not creating mobile size first)
- Brief Introduction
- Social icons (with functioning links!)

# Home Page - Mobile

Actual Design:

About me!

I'm an aspiring coding student, pursuing my passion for technology by learning how to code! I enjoy playing video games (CSGO, LoL, Valorant, OW, Apex), gyming, meditating, and hanging out with friends!

Education

St. Bernadettes Primary School 2007-2013
Braybrook Secondary College 2014-2019
RMIT - Associates Degree in Business 2020-2021
Coder Academy - Present

Work History

Vinnies - 2017
Co-Do - 2017
McDonalds - 2017-2020

Skills

HTML/CSS (still learning!)
Python (still learning!)
Leadership
Delegation
Verbal and Written Communication
Initiative
Microsoft (Word, Access, Excel)

Contact me - Desktop

**Components and features:**

- **Navigation bar**
- **Forms (with user input)**
- **No scroll (form is centered)**
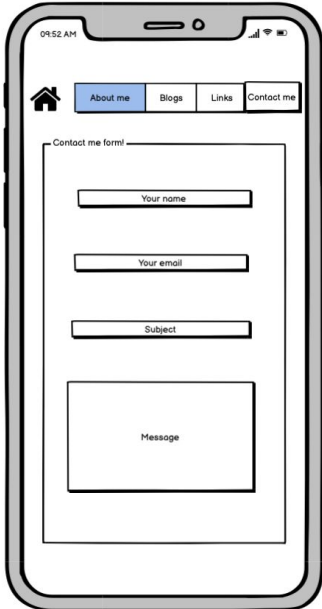

Contact me - Tablet

Wireframes:
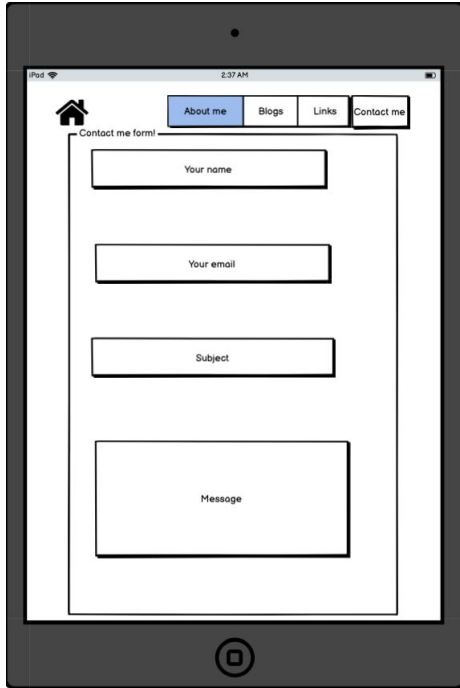

Actual Design:

Contact me - Tablet

Components and features:

- **Navigation bar**
- **Forms (with user input)**
- **No scroll (form is centered)**

Contact me - Mobile

Wireframes:

Actual Design:

Contact me - Mobile

Components and features:

- **Navigation bar**
- **Forms (with user input)**
- **No scroll (form adjusted to fit whole page)**

Challenges

- CSS Layout
  - Media queries (should've created mobile versions first)
  - Image positioning

Favourite part

- Creating navigation bar
- Linking them all across all 4 html documents via navigation bar
- Adding hover effects to the navigation bar

Thanks for listening! :D
